

*The Western Pacific Regional Fishery  
Management Council invites you to attend  
this free, family-friendly event.*

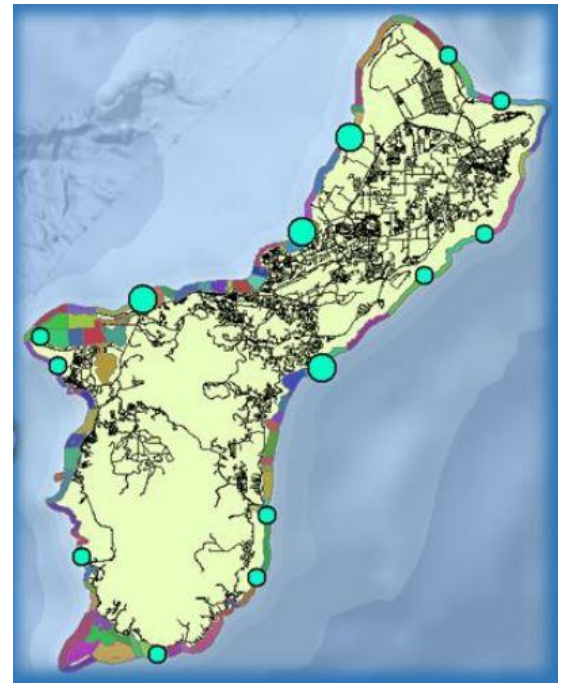

# Coral Reef Fisheries Mapping in the Marianas

## *Learn more about ...*

- *the participatory mapping method and how results can benefit participants;*
- *confidentiality and use of fishing survey-based maps to visualize existing data gaps;*
- *how the primary PGIS method/workshop activity (e-beam) works; and*
- *how participants' choice of map scale can be used to display results and keep your data confidential*

*Volunteers will be able to test out the technology! The Forum is an introduction to the upcoming Workshop on Coral Reef Mapping in the Marianas on June 11, 2016 at the Micronesia Ballroom, Hilton, Guam.*
