CATCH-IT LOG-IT APP SUITE

| FISHER APP | WHY USE THE APP? | VENDOR APP |

OVERVIEW

Fisher App: Consider this as your personal catch log. Know how you perform in your specific fishery. Compare your rank with others.

Vendor App: Get rid of the paper log books and report your fish purchase electronically. Keep your records for future use.

PERFORMANCE

Fisher App: Contribute to the science used to manage your fisheries. Let your voice be heard. Every pound caught matters.

Vendor App: Your business contributes to the local economy. Be counted as a responsible business that safeguards market stability.

FEATURES

Fisher App: Access a near-real-time summary of your fishing data. It gives fishermen hints on their sales prices if above or below market average.

Vendor App: Access a near-real-time summary of your fish purchase data. Fish vendors will have decision tools for pricing their fish.

Security

Fisher App: Submit your data confidentially through a secured web-based system.

Vendor App: This provides an easier way to keep fish purchase records and the submitted data allows quick evaluation of market performance.
