Thursday 2 October, 2025

Malesso IRA Community Meeting 6:00-8:00pm, Malesso Senior Citizen's Center

Friday 3 October, 2025

Sinajaña IRA Community Meeting 6:00-8:00pm, Sinajaña Community Center

These meetings are part of **Round 2 of the IRA Community Consultations**, continuing the conversations started earlier this year across Saipan, Tinian, and Rota. The purpose is to build on the voices, concerns, and priorities raised in the first round and provide a space for deeper dialogue and collaboration. In Guam, the focus will be on strengthening connections with the fishing community, exploring traditional knowledge, fishery opportunities, and local management solutions. By carrying forward the input from the first round, these meetings aim to **listen, share updates, and identify next steps together** that can strengthen local fisheries, support food security, and sustain cultural practices for future generations.
