

Reducing Red Tape in Federal Waters around CNMI

The Western Pacific Fishery Management Council and the Lynker team will host a public meeting in Saipan in **mid-March**. This meeting will provide a space for local fishermen and community members to **share experiences, cultural knowledge, and concerns about federal fisheries rules, laws, and regulations.**

Discussion Topics

1. How often do you fish in federal waters (further than 3 miles from shore)?
2. How easy is it to understand federal fishing rules and regulations?
3. Is the difference between local and federal fishing laws clear?
4. Are there federal rules or regulations that you find confusing, difficult, or unneeded?

Location and Date

Carolinian Utt
*Beach Road Garapan,
Saipan*
Friday, March 13
6-8 p.m.

Refreshments Provided!
